Outdoor Range Improvements

Jeff Clark and Bill Gonzalez have been leading the effort to improve the outdoor range facilities. We had tremendous support by our new members. The cement slab was poured on October 10th and the first rugged shooting bench was completely built by Jeff Clark on October 15th in his garage, which will accommodate left and right handed shooters. We will have 3 benches built within November in time for everyone to sight-in your deer rifles for the coming season. We are also planning to have a "non-member deer sight-in day" for a small fee of \$5 which will include targets in the mid November timeframe pending approval by the November 1st general meeting. Thank you volunteers for your support getting this project moving. There are many more improvements coming in the next year; contact Bill Gonzalez or Jeff Clark if you are interested getting involved in the outdoor range committee.
